PROFILE

Student of BS Artificial Intelligence at National University of Computer and Emerging Sciences (FAST), Peshawar, seeking opportunities to apply programming, web development, and cloud computing skills in real-world projects. Passionate about AI, Linux systems, and emerging technologies, with a strong foundation in C and C++ programming and problem-solving.

EDUCATION

Bachelor of Science in Artificial Intelligence

National University of Computer and Emerging Sciences

08/2025 – 05/2029

Peshawar Campus

- Currently in 2nd Semester
- Coursework: Programming Fundamentals (C), ICT, Calculus, Digital Logic Design

SKILLS

Programming Languages & Web Development

C (Strong command)

C++ (Basic to Intermediate)

HTML

CSS

Cloud Learner

AWS - Basic understanding of cloud computing concepts

Operating Systems

Linux (Ubuntu – Dual Boot Setup)

Installed and configured Linux independently

Tools & Software

Git & GitHub (Version control, repositories, commits, branching)

MS Office - Word, PowerPoint, Excel.

VS Code

Dev-C++

PROJECTS

Web Development Projects

Developed two academic web based projects using html, CSS and a bit of JavaScript. Designed attractive layouts and structured front-end interfaces.

Robotics Project - Robo Car

Built a basic robotic car during a robotics course

Worked with simple electronic components like LED's, transistors and logic gates.

CERTIFICATES

Robotics Course

Sky beings (College Level)

ICT Course

(Microsoft Office – Complete Training)

Community Service

Worked voluntarily for 15 hours at HMC

EXTRACURRICULAR ACTIVITIES

Active Member - AWS Society

Actively learning cloud computing and modern infrastructure technologies

Active Member - FAST Community Service Society

Actively participating in community services like fund raising, blood camps.

Volunteer - Shaukat Khanum Memorial Cancer Hospital
